## Chairman's message

Much awaited event of our fraternity of CMAs and their families

We all have times in our lives when we have a lot going on like meetings, last dates deadlines, social commitments, professional commitments, due dates etc, which can affect our stress levels and put our health at risk.

There is nothing more relaxing than being surrounded by greenery, the sea or the mountains. Being close to nature helps us to connect with ourselves. So, simply looking out of the window or going for a walk in the park at hill stations can do the trick.

Mountains are believed to be the closest point to the heavens, which explains the vast amounts of monasteries are located high up in the mountains. In Buddhist and Hindu beliefs, meditating in high altitudes can bring you closer to Nirvana, or in other words 'enlightenment'.

So, I take this opportunity to invite you all along with your spouse and children at "Residential Northern Regional Conference 2022" to be held Bhimtal (Uttarakhand), Bhimtal is a pretty little hill town in the Lake District of Kumaon in the foothills of the Himalayas.

The theme of this Regional Conference is "Cost of Natural Resources in sustainable Development Goals", the conference will be looking for a good gathering of CMA members which will comprised Top and middle level management from different undertakings and members of ICAI-CMA will attend the same.

Your presence will grace the conference. We request you to kindly accept our invitation and grace the conference and make a memorable one.

I am very much excited that after a very long period we all are coming together to meet at Devabhoomi Bhimtal with all proper arrangements.

**CMA Shailendra Paliwal**

Chairman  
NIRC of ICAI

## Vice Chairman's message

Respected Members,

Greetings!

**"Economic growth without investment in human development is unsustainable and unethical" – Amartya Sen**

It is indeed a pleasure to announce that the NIRC of the ICAI is organizing Residential Regional Conference at "BHIMTAL" the beautiful place of DEVBHUMI UTTAKHAND.

BHIMTAL is well known for its serene beauty and stunning scenery, lakes, untamed valleys with unique blend of culture and cuisines. I appreciate the council for considering the request and accepting the state of peace and prosperity for deliberation on healthy economy.

It's vital that we should appreciate and respect the role of nature in our lives and what nature invest in towards a stronger and more sustainable society and economy. We need to understand and appreciate that nature holds solutions to many of the societal challenges, the quality of life, the planet's temperature, our jobs, the water we drink, the food we eat, the clothes we wear, and much more. Instead of pulling the rug from beneath our own feet, and exploiting society and the economy by degrading nature, we need to be in harmony with nature's capital as it is essential for all life on the Earth.

This residential regional Conference is going to be addressed by various eminent corporate and spiritual leaders and conveying the message to the Government that how Management Accountants can play a vital role towards building the healthy economy. Right now, we are committing an enormous amount of public money to rebuild the global economy following the pandemic. This money isn't lying around in treasuries, it's borrowed from you, me, and from future generations.

It is imperative for professionals like CMAs to create awareness and consider the impact of our investments on nature and the climate. We need to know how our pension funds work and are sure they are investing in the right kind of sustainability.

I am eagerly waiting to offer a hearty welcome to you and your family in the Residential Regional Conference going to be held on 5<sup>th</sup>, 6<sup>th</sup> & 7<sup>th</sup> of August, 2022.

With Warm Wishes,

**CMA Manish Kandpal**

Vice-Chairman of NIRC-ICAI

## Convenor Message

It is better to travel well than to arrive

“Lord Buddha”

Dear Professional Colleague,

It's a feeling of sheer joy, seeing that spring has sprung with fragrance, beauty and flowers. Nature is glorying and calling to explore its hidden treasure. Travel fuels our journey of life. Existence without wanderlust is like a ship without a sail. You would never realize what you actually love about your life until you travel.

Certainly, after having long restrictions in pandemic and being stayed at home every one is keen to connect with nature. I took this opportunity to Invite you with your family for a residential Northern Regional Conference 2022 which is going to be held at Devbhoomi Bheemtal (Nainital) Uttarakhand. It will be two nights Stay at a Luxury Resort.

We will have Conference with the members on the theme “Cost of Natural Resources in Sustainable Development Goals”. Eminent personalities and leading representatives of our profession from Corporates & Institutions will share their knowledge and experience on the theme.

As CMA fraternity is fortunate to have galaxy of corporate leaders, we are thankful for their active participation towards the profession and their contribution to the society.

At the same time, we will also have adequate time to be with our families to enjoy the cultural program being organised at the venue along with sightseeing and water sports activities at the queen of lakes.

It will be a good opportunity to experience Uttarakhand' Culture and interact with members from across the Northern region.

I am confident that this trip is going to be a memorable one. Looking forward to see you. Please confirm your availability so that we make the necessary arrangements beforehand.

See you!

Sincere Regards  
**CMA Santosh Pant**  
Convenor of the Programme  
Secretary & Treasurer NIRC
